

Messina, 30/01/2017

**Subject: Communication n. 01/17 for a Post Doc Research Fellow Position in H2020 A-LEAF research project.**

The Examination Board for the communication in the subject, formed by Prof. Siglinda Perathoner and Prof. Gabriele Centi, met in the Department of Chemical, Biological, Pharmaceutical and Environmental Sciences of the University of Messina on 30/01/2017, in order to evaluate the applications received.

After a careful examination of the applications received, the Examination Board declares Dr. Chiara Genovese winner of the contest for the position of Post Doc Research fellow related to “Synthesis and advanced characterization of electrodes for eletro-catalytic reduction of CO<sub>2</sub> to fuels combined with photo-catalytic water splitting”, in view of the higher specific qualification.
